

## Black Sealant Tape

Black Sealant Tape is a low profile, room temperature vacuum bagging sealant tape. This multi-purpose sealant tape is a low tack sealant tape designed to seal vacuum bags to metal or composite tooling surfaces and is easily removable from tooling surfaces.

Designed with cost in mind, the reduced thickness and width of the black sealant tape produces a greater product yield while still providing a good vacuum seal for vacuum bagging applications from room temperature up to 250°F (121°C).

### Physical Properties

Color	Black
Material	Synthetic Rubber
Thickness	1/16"
Width	3/8"
Roll Length	50 Ft.
Shelf Life	12 months from date of manufacture
Storage	72°F, do not refrigerate, store flat
Manufacturer	Airtech International
Manufacturer Part Number	AT-199

### Technical Properties

Max Temperature Use	250°F (121°C)
